LEMON

## INC

BY: ELAD MOSHE & OMER GABAY
INSTRUCTOR: MOSHE SULAMY

Are You...

- A virtual reality enthusiast?
- Someone who enjoys simulation and management games?
- The kind of person who likes playing in a race against the clock?

Life Just Gave You Lemons...

Lemon Inc is a charming, engaging and interactive virtual reality experience where the player is placed in a bustling city and is in charge of managing their own lemonade stand!

Time To Make Lemonade!

- Receive orders!

- Prepare them just in time!

- Call out the names of your customers and serve!

That's right!

The game incorporates voice commands, making it a uniquely immersive experience.

Welcome to your lemonade stand!

A Zestful Game Loop

Citrus-Powered Tech

- This game was created using the Unity Game Engine and the XR Toolkit

- All vocal interactions are processed using Meta's Wit.AI natural language interface for applications

- Developed for Meta Quest 2

Our Inspiration

Games such as:

- Overcooked – Features fast-paced meal preparation
- Job Simulator – Another great virtual reality experience with a more relaxed approach

Lemon Inc stands out because it combines:

- Virtual reality
- Voice commands
- Time sensitivity
